These Terms, and any rights and licenses granted hereunder, may not be transferred or assigned by you, but may be assigned by Psy-Chic without restriction. Any attempted transfer or assignment in violation hereof shall be null and void.

Our Affiliate Disclosure

It does take time to create all this content, so we do accept paid advertising, sponsorships, affiliate programs and other forms of compensation. However we never allow any money to impact our opinion on a subject or object. We may also give mixed or negative reviews of products sometimes and turn down propositions that don't fit with our ideology. Moreover, we also accept private advertising from companies we are happy to endorse; you can see their images in the sidebar or in different areas of our

site, and we may also include a complementary mention within a post several times per month per advertiser.

In addition, if you click on their ad or text link and buy something, we do get a little kickback. Unless we've reviewed the product and mentioned that they provided the product to us, none of these companies pay us in any other way.

We also participate in Amazon.com's affiliate program. If you click on an Amazon link or photo at our site, we do get a (small) commission, as long as you complete your purchase within 24 hours. They're very strict at Amazon!

Furthermore, if or when we run a giveaway, we usually (or may) have received a free product to review, and the company has sponsored a free product to give to one of our readers. The review is our own opinion, and although the company in question may certainly read our text (and we encourage them to), they don't edit or approve it in any way. They also don't compensate us for reviewing the product beyond providing us with a sample. Giveaways and reviews are kept separate for a very good reason: we do accept paid giveaways, as giveaways take a great deal of time to administrate and are a fabulous form of advertising. Basically what we are getting to is that reviews are free, between us and our readers. Giveaways are paid advertising, most of the time.

Any sponsored posts will be marked as such, but again, we won't write a post recommending for money that we would've written without compensation. We also may do some sponsored tweets or other forms of social media marketing as well, but they will always include the words "brought to you by" "sponsored" or "ad". Some of our integrated campaigns for companies include a certain number of tweets, Facebook updates, or other forms of promoting about the company, but we always strive to make those interesting, authentic content for our readers at the same time.
